Same. Although a lot of dump occurred in federal waters, the state and local agencies permitted a lot of this dumping.

Hi Ylan –

Do you know when the hearings on “Hearings to probe impacts of 'forever chemicals,' DDT dumping” in the E&E article below are? I would like to watch them on CSPAN or CSPAN 2 (if they actually air them). I do not have an account for E&E to read the complete article.

Keith
